

# Sumario

## Prólogo

|                                       |   |
|---------------------------------------|---|
| <i>Francisco Parras Vázquez</i> ..... | 1 |
|---------------------------------------|---|

## Introducción

|                                                             |   |
|-------------------------------------------------------------|---|
| <i>Josep M.<sup>a</sup> Guardiola, Vicenç Soriano</i> ..... | 3 |
|-------------------------------------------------------------|---|

## 1. Zidovudina

|                                  |   |
|----------------------------------|---|
| <i>M. Eulalia Valencia</i> ..... | 5 |
|----------------------------------|---|

## 2. Didanosina

|                                                                        |    |
|------------------------------------------------------------------------|----|
| <i>José Antonio Iribarren, Xabier Camino, Julio Arrizabalaga</i> ..... | 13 |
|------------------------------------------------------------------------|----|

## 3. Zalcitabina

|                                                                        |    |
|------------------------------------------------------------------------|----|
| <i>Julio Arrizabalaga, Xabier Camino, José Antonio Iribarren</i> ..... | 23 |
|------------------------------------------------------------------------|----|

## 4. Lamivudina

|                                                                      |    |
|----------------------------------------------------------------------|----|
| <i>Josep M.<sup>a</sup> Guardiola, Pere Domingo, Josep Ris</i> ..... | 29 |
|----------------------------------------------------------------------|----|

## 5. Estavudina

|                                                      |    |
|------------------------------------------------------|----|
| <i>Manuel Leal, Ricardo Parra, Juan Macias</i> ..... | 35 |
|------------------------------------------------------|----|

## 6. Saquinavir

|                           |    |
|---------------------------|----|
| <i>Rafael Rubio</i> ..... | 43 |
|---------------------------|----|

## 7. Ritonavir

|                                                                |    |
|----------------------------------------------------------------|----|
| <i>Ferran Nonell, Guillem Sirera, Bonaventura Clotet</i> ..... | 57 |
|----------------------------------------------------------------|----|

## 8. Indinavir

|                                                           |    |
|-----------------------------------------------------------|----|
| <i>Pere Domingo, Josep M.<sup>a</sup> Guardiola</i> ..... | 63 |
|-----------------------------------------------------------|----|

## 9. Nelfinavir

|                                                             |    |
|-------------------------------------------------------------|----|
| <i>Santiago Moreno, Ana Menasalvas, Rosa Blázquez</i> ..... | 73 |
|-------------------------------------------------------------|----|
