

TABLE OF CONTENT

Chapter 1	Why Behavioral Surveillance?	1
	<i>Uses of behavioral surveillance</i>	
	<i>Different approaches to collecting behavioral data</i>	
	<i>Issues and limitations in behavioral data collection</i>	
Chapter 2	Setting up BSS: Steps in the process	11
	<i>Building partnerships</i>	
	<i>Decisions on methodologies</i>	
	<i>Implementation planning</i>	
	<i>Analysis issues</i>	
	<i>Dissemination</i>	
Chapter 3	Choosing population groups	23
	<i>Choosing respondent groups by state of the epidemic</i>	
	<i>Defining potential respondents: eligibility criteria</i>	
Chapter 4	Sampling approaches	29
	<i>The importance of sampling</i>	
	<i>Devising the sampling plan</i>	
	<i>Probability and non-probability sampling methods</i>	
	<i>Multi-stage cluster sampling</i>	
	<i>Sample size requirements and parameters for calculations</i>	
Chapter 5	Weighting in multi-stage sampling	59
	<i>Weighting the data</i>	
	<i>Potential bias from not weighting</i>	
	<i>Calculating standard errors</i>	
Chapter 6	Adapting and using questionnaires	67
	<i>Time frames of key behaviors</i>	
	<i>Informed consent</i>	
	<i>Questionnaire administration and interview settings</i>	
	<i>Assuring quality control</i>	

<i>Chapter 7</i>	Analysis and interpretation of results	73
	<i>Recommended methods of statistical analysis</i>	
	<i>Bivariate analysis</i>	
	<i>Multivariate analysis</i>	
	<i>Analysis of trends in behavior over time</i>	
	<i>Sources of bias</i>	
<i>Chapter 8</i>	Using the data collected to improve HIV prevention efforts	85
	<i>Packaging the data for different users</i>	
	<i>A strategy for presenting data</i>	
	<i>Data presentation for clarity and impact</i>	
<i>Chapter 9</i>	Indicators	93
	Suggested Reading	157
<i>Appendix 1</i>	Questionnaires	
	<i>for adult target groups aged 15-49</i>	159
	<i>for unmarried male and female youth target groups</i>	187
	<i>for female sex workers (FSWs)</i>	209
	<i>for men who have sex with men (MSM)</i>	231
	<i>for injecting drug users (IDUs)</i>	257
<i>Appendix 2</i>	Interviewer guidelines	283
<i>Appendix 3</i>	Working examples of sampling approaches	309
<i>Appendix 4</i>	Field work forms	337
<i>Appendix 5</i>	Statistical tests	347
